

Winter Camp 2022

When and Where

Wintercamp will be from 18.00 on Friday 28th January until 10.30am Sunday 30th January 2022 at Hopehill Camp Site, Meopham. Easter Hillcraft candidates should note that they will finish at 12.45 pm on the Sunday.

The camp is open to all Scouts, Explorer Scouts, DoE candidates. Attendance at this camp is compulsory for all Scouts/Explorers/Leaders who will be attending Easter Hillcraft for the first time in 2022 as an assessment will need to be made of equipment suitability and skill level. Scouts who may be interested in participating in the Autumn Hillcraft in October 2022 and those planning to participate in the District Hike competition in September will find participation in this camp beneficial. Explorer/Network Scouts planning DoE expeditions this summer need to attend this camp to have your training signed.

The Camp

Wintercamp will focus on preparing and improving Scouting skills that are essential for hiking and camping in both the hills and on expeditions (such as Hillcraft, District Hike and Duke of Edinburgh Award). All materials and tuition is provided by experienced leaders in planning and recording routes, first aid, campcraft, safety, cooking, emergency procedures, navigation, camp equipment, rope work, etc. Scouts will be put in groups and the training undertaken will be adjusted by group to suit the ability levels and experience of the participants.

Troop/Unit Leader's must be satisfied that their Scouts can cope with camping under what might be difficult weather conditions. All campers must be self-supporting for the weekend, using lightweight camping equipment and have warm winter clothing and sleeping bags that are suitable for winter conditions. Most Troops/Units will be able to supply tents and stoves allowing you to concentrate on getting the right personal equipment. It is recommended that you discuss with your Troop/Unit Leader what equipment you should get before it is bought.

Everybody attending Winter Camp will need to provide their own food (in consultation with their troop/unit leader to ensure its suitability) + personal first aid kit + compass. Additional information including kit list and menu ideas are detailed on page 2.

The Cost and Application Details

The cost of Wintercamp will be £15.00 per Scout/Explorer payable on the day, any surplus or shortfall in costs will be added to or taken from general funds as appropriate. In addition each Scout/Explorer will need to bring £5 to purchase food for their Saturday Night Meal. All applicants under 18 years old must also bring along a completed Permission to Camp form. All permission forms MUST be completed by the Troop/Unit Leader or the Scout/Explorer will not be able to attend the weekend to confirm the Scout/Explorer is adequately skilled and equipped for the event. It is the Troop/Unit Leaders responsibility to ensure that the Scout/Explorer is adequately skilled and equipped for the event.

The Closing date

Leaders should let me know likely numbers attending Winter Camp by Sunday 23rd January 2022. I can be contacted on 07866331649 or by e-mail at adcscouts@graveshamscouts.org.uk if you have any queries.

Winter Camp Meals

As part of the preparation for camping in the hills and on expedition; special training is to be given in the campcraft associated with the preparation of the meals. Below you will find a selection of menu ideas for suitable meals. You should discuss these with your Troop/Unit when planning food to bring. All meals should be accompanied by hot drinks.

If any participants are camping as a team then it is sensible to purchase the same food as they can cook it together rather than wait for a stove to become available.

Suggested Menus

Menu 1 Main Meal:	Beanfeast soya mince/pasta.
Pudding:	Fruit trifle (carton)
Breakfast:	Instant porridge, raisins (or other addition based on personal taste)
Lunch:	Rolls filled with cheese slices/chocolate spread/peanut butter, mixed nuts, cake.
